Subject: Invitation as a speaker

Dear Dr. Farid Afendi

On behalf of the International Collaboration Laboratory Symposium Committee we are pleased to invite you as a speaker of the Third Symposium on International Collaboration laboratories: "Cutting Edge Data Science". The Symposium will be held at the NAIST Millennium Hall, Nara Institute of Science and Technology on the 6th March 2015.

For the convenience of this arrangement, please confirm your attendance along with the topic/title of your presentation by 1st February 2015. Please consider that the presentation will be scheduled for 30 minutes. We provide you free accommodation on 5th to 8th March 2015, including travel expenses.

We are looking forward to welcoming you in the symposium.

Yours sincerely,

January 10th 2015

Masato MIYAKE

Associate Professor

Waktu : 26-27 Maret 2015
Tempat : SHIATS, Allahabad, India

World Congress on Green Nanotechnology and its Role in Sustainable Agriculture

26th – 27th March, 2015

Organized by
Sam Higginbottom Institute of Agriculture, Technology & Sciences (SHIATS)
Deemed-to-be-University, Allahabad, India
In collaboration with University of Missouri, Columbia, USA

Date: December 9, 2014

To,
Prof. C. Hanny Wijaya,
Head, Food Chemistry Division,
Bogor Agricultural University,
Indonesia.

Subject: Invitation to the World Congress GNSA-2015 as Distinguished Speaker

Dear Prof. Wijaya,

It gives us immense pleasure to announce and host the first **World Congress on Green Nanotechnology and its Role in Sustainable Agriculture (GNSA-2015)** at the Sam Higginbottom Institute of Agriculture, Technology & Sciences (SHIATS), Allahabad, India, during **March 26 – 27, 2015**, in collaboration with the University of Missouri, USA.

Sam Higginbottom Institute of Agriculture, Technology and Sciences (SHIATS), Allahabad, formerly known as the Allahabad Agricultural Institute, was established in 1910 by Dr. Sam Higginbottom, an educationist from USA. It was the 1st Agricultural Institute in Asia and the 4th Agricultural Engineering Institute in the world. Since its inception, SHIATS has provided the foremost agricultural engineers in the country and quality professionals in education and value-based technology. SHIATS upholds and continuously strives towards sustainable development, international cooperation in education, academic excellence and interdisciplinary approaches.

The GNSA-2015 World Congress will be the first internationally collaborative scientific conference which will provide a forum for discussions, talks, paper and poster presentations focused on the latest developments of Green Nanotechnological processes and products and their applications for the improvement of various aspects of modern agriculture. The event will be graced by renowned scientists and speakers from around the world and promises to be exceptional with delegates from around the world joining in the audience.

As you are a leading expert in the field, the GNSA-2015 Organizing Committee would like to invite you as the **Distinguished Speaker** at this prestigious, international event. We believe your presence and contribution at this conference will be a highly rewarding, educational and networking experience for all participants. Further, SHIATS will be glad to **waive off the Registration Fees and provide Food & Accommodation at the University Guest House during March 25-28, 2015**. Additionally, we encourage taking this opportunity to explore the many facets of SHIATS and experience the unique Indian hospitality and culture.

We look forward for your confirmation and honored presence at the GNSA-2015 World Congress at SHIATS, Allahabad, India, in March 2015. All relevant information regarding the Conference may also be found at the following website: www.shiats.edu.in/gnsa2015.htm

For any further information, please contact the undersigned.

Thanking you,

Yours Sincerely,

Dr. Jishnu Naskar
(Organizing Secretary)

Dear **Prof. Dr. Ir . Latifah K Darusman, MS,**

Herewith we present you the first announcement of the Third International Symposium on Temulawak and Potential Plants for Jamu which will be held in IPB International Convention Center (IICC), Bogor, Indonesia on September 2-4, 2015, and hosted by Biopharmaca Research Center (BRC) in collaboration with various government institutions. The theme of this symposium is harmonization of science, technology, and culture of temulawak and potential plants utilization to accelerate jamu industrialization.

On behalf of the organizing committee (OC), kindly we would like to invite you as one of our distinguish Invited Speakers for the symposium. The Organizing Committee will provide the accommodation and local hospitality during your stay in Bogor, Indonesia.

The Symposium is opened for colleagues from over the world to participate and/or presenting papers. We believe that the symposium will be beneficial to all participants.

We are looking forward to hearing from you in your earliest convenient time and we believe that your contribution will make the symposium fruitful and benefit for all of us. The success of the symposium will be ensured with your kind contribution.

Thank you for your kind attention.

Sincerely yours,

Biopharmaca Research Center

Dear Dr. Wijaya:

It is indeed my great pleasure to invite you to present your recent research work at the ISNFF2015 Conference and Exhibition. The meeting will be held in Wuxi, China, September 20-23, 2015. It would be most appropriate if you could cover Nutraceutical and Functional Aspects of Cajuputs Candy in the conference. Please submit your abstract and proceed with your on-line registration and other travel arrangements at once <isnff2015.org>. Meanwhile, if you need any other information, please do not hesitate to contact me.

Sincerely yours,

Dear Prof. Christofora Hanny Wijaya

Re: An Official Invitation to Speak at the International Conference on Food Factors (ICoFF) 2015

On behalf of the organizing committee, we would like to invite you to give a lecture at the International Conference on Food Factors (ICoFF) 2015, to be held in Seoul, South Korea on November 22-25, 2015.

With the mission of promoting research in all aspects of basic and applied food technology, ICoFF is recognized as the world conference in the rapidly growing field of food science and biotechnology. We are pleased to host ICoFF 2015 in Korea with the main theme of the conference "Bioconvergence for Food Function".

The conference committee and we are very much delighted to extend an invitation to you as an invited speaker for 'Asian Functional Foods' in product sessions. 'Diseases' and 'Products' are two main sessions of ICoFF 2015. The subjects of product session are composed of the 24 major food product categories. Your lecture might be inspiring and fit very well with the conference theme.

We would be delighted if you would share your insights and perspectives with the ICoFF 2015 participants. Based on the previous ICoFF 2015 meeting, we expect an attendance of near 1,500 participants from the field.

The lecture and question/answer period are scheduled for thirty minutes. In recognition of your valuable contribution, waived registration fee and accommodation up to 3 nights during the symposium will be provided in addition to 1,000 USD as an expense covering an honorarium and airfare.

It would be a great honor to have you in the conference. Your kind acceptance of the invitation to the ICoFF 2015 would be greatly appreciated.

Sincerely,

Jong Hyun Park, PhD
Chair, Scientific Committee, ICoFF 2015

Suk Hoo Yoon
President, ICoFF 2015
