

11th

International Symposium on the Chemistry of Natural Compounds

11th International Symposium on the Chemistry of Natural Compounds (SCNC 2015) will be held on October 1-4 in Antalya, Turkey.

This symposium series has been organized jointly by Anadolu University and Institute of Chemistry of Plant Substances (ICPS) of the Uzbekistan Academy of Sciences biennially since 1994 in Uzbekistan and Turkey. Only the 9th SCNC was held in 2011 at Urumqi, Xinjiang-Uyghur Autonomous State in P.R. China.

Since 2011, Xinjiang Technical Institute of Physics and Chemistry of the Academy of Sciences of People's Republic of China became one of the organizers of this scientific forum and the 9th International Symposium on the Chemistry of Natural Compounds was held in 2011 at Urumqi, Xinjiang - Uygur Autonomous Region of China.

SCNC deals with a number of relevant topics presented by most reputed scientists in the field. In addition, the symposium is open for your highly relevant contributions covering chemical, pharmacological, biological activity related aspects of natural products to be presented either orally or as poster. We, therefore, would highly appreciate your participation and expect your earliest registration.

Previous SCNC symposia were organized in Turkey in Eskisehir (1996, 2009), Ankara (2005) and Isparta (2001). Antalya, with her natural beauties blended with history and culture will be the venue of the 11th SCNC which is expected to be the meeting place of scientists from all over the World dealing with all aspects of medicinal and aromatic plants and natural products.

We are ready to welcome you 1-4 of October of 2015 year to get together with fellow scientists in this global event in Antalya, Turkey.

We look forward to meeting you all in Antalya.

Co-Presidents

Prof. Dr. K. Husnu Can Baser (Turkey)

Prof. Dr. Shomansur Sh. Sagdullaev (Uzbekistan)

Prof. Haji Akber Aisa (PR China)
