Abstract

These instructions give you guidelines for abstract submission in International Symposium on Bioinformatics, Chemometrics, and Metabolomics 2016. Use this document as an instruction set. Please use this document as a “template” to prepare your abstract manuscript. For submission guidelines, follow instructions on abstract submission system as well as the Conference website. The abstract should summarize the context, content, and conclusions of the paper. Please provide an abstract of 150-300 words (12-Point Times New Roman).

Keywords: keyword_1, keyword_2, keyword_3, (3-5 keywords separated by a comma and a space, 10-Point Times New Roman)
