Research Material Transfer Agreement (MTA) Concerning the Joint Research Activities between Bogor Agricultural University (IPB), INDONESIA and Technische Universität Braunschweig, Institute of Food Chemistry, GERMANY

Bogor Agricultural University (IPB), for the purposes of this agreement acting on behalf of the Republic of Indonesia,

Institution : Bogor Agricultural University/Institut Pertanian Bogor
Address : Kampus IPB Dramaga, Jalan Raya Dramaga, Bogor
16680, Jawa Barat, Indonesia

Provider Department and Scientist : Tropical Biopharmaca Research Center and Dr. Irmanida
Batubara

(hereinafter referred to as "Provider"),

and the Recipient

Institution : Technische Universität Braunschweig, Institute of Food
Chemistry
Address : Schleinitzstr. 20, 38106 Braunschweig, GERMANY

Recipient Department and Scientist : Institute of Food Chemistry, Prof. Dr. Ulrich H.
Engelhardt

(hereinafter referred to as "Recipient")

The Parties wish to define the modalities of transfer and use of Research Material as part of the Joint collaborative research concerning "Evaluation of the biphenyl content in nutmeg and mace"; Appendix 1 till 4 form an integral part of this MTA.

In response to the Recipient's request for the above-identified Research Material from the Provider, the Recipient agrees to the following terms in consideration of receipt of the Research Material.

1. Research Material embraced by this agreement are all samples from Bogor and Aceh, especially but not exclusively extracts of biological materials and soil samples (e.g. DNA extracts) or the samples themselves.

The Provider will provide the following Research Material to the Recipient: Soil, water, whole nutmeg fruits

The Research Material will be used for: determination of biphenyl content

To the extent necessary, the Material will be provided with accompanying know-how or data by the Provider.

2. For the avoidance of doubt, the Provider retains ownership of the above-referenced Research Material as described in Appendix 2, as well as ownership of Modifications generated by the Recipient to the extent of the above identified Material is contained

2. If given to the MU – marked for the attention of L/O for MU:

**Letter of Agreement
Statement of Collaboration between
Nara Institute of Science and Technology (NAIST)
and
Biopharmaca Research Center IPB**

Honraby, I declare that research with the title:
Pharmacological and Genomic Spores Network for Drug Target Identification of Antidiabetes Jamu Formula
will be conducted in 2015 until 2016 as we stated in the proposal.
I will give sharing funding for the research activity in Laboratory of Computational System Biology and Biomedical Imaging NAIST that display in the proposal budget.

April 28 2014,
Laboratory of Computational System Biology and Biomedical Imaging
