Dr. Iwanida Ratihara
Biopharmasa Research center
Bogor Agricultural University

Dear Dr. Iwanida Ratihara

It is my pleasure to write and say thank you for all your ongoing collaboration and effort to realize the double/dual Ph.D. degree program between the United Graduate School of Agricultural Science, Giftu University and the Graduate School of Bogor Agricultural University. To have a deeper discussion about the program, I would like to invite you to Giftu University for the period from 28 to 30 March, 2016. During your visit, I also would like to invite you to deliver a lecture "Special Lecture on Agriculture II" to our students.

Accommodations, an economy class round-trip airfare ticket from your home country to Japan, and the necessary transportation fees during your stay will be covered by Giftu University.

I look forward to seeing you soon, and hopefully our discussion will be fruitful to establish the new educational program.

Sincerely,

Professor Masateru Senge
