

## Abstract Submissions

Please review and gather all information before you begin the submission process. Below are the requirements and information you will need to submit your abstract:

### Register

To get started, you must register [here](#)

Please be sure that your profile (name, affiliation, email, etc) is correct; that will be automatically used as presenting author and registration information.

### Preparing your abstract

We are only able to accept abstracts submitted online

Each abstract must be submitted as an oral or a poster presentation

Abstract template can be downloaded [here](#)

Abstracts peer-reviewed process will be carried out by an international reviewer

Presenters of accepted abstracts are expected to register for, and attend, the Symposium
