Exhibition

as a platform to demonstrate interesting / fruitful projects on ASEAN-EU bi-regional research and innovation cooperation as well as to facilitate opportunities for future cooperation.

Aims of the Exhibition:

- To allow innovative companies that have benefited from/are interested in ASEAN-EU cooperation to showcase their innovation and technology offers
- To create a platform for cross-regional dialogue and networking opportunities among exhibitors and other participants in the STI days
- To facilitate constructive discussions between the public and private sectors in STI bi-regional cooperation
- To showcase potential of ASEAN research capacities and its relevance to Europe

Exhibitors:

- Spinoffs/Innovative companies with experience of and / or interest in funding programmes
- Research institutes/ Researchers benefiting from EU-ASEAN bi-regional research funding programme

Organizers:

- Sociedade Portuguesa de Inovação (SPI)
- Partners in ASEAN: RISTEK/ NSTDA/ SIRIM
